Ultra-Modern, Stylish House with breath-taking features for the Connoisseur

PLOT & PLAN | BUILDING PACKAGE - the options are endless.

From the large, paved driveway to your left, find a triple garage and to the right of the driveway find a "toy garage" - home to your lifestyle toys for fun and adventure. A glass wall makes your toys a show piece when arriving at the property.

Enjoy the lovely water feature to the right of the covered porch before entering via the front door into the foyer. The living area has staking doors that opens to the pool and sun deck and on to the covered patio with built-in braai, countertop with prep bowl and enough space if entertaining is your thing. The house is built around the pool area which makes it a feature from any angle. The various levels from open patio to BOMA and then again to the garden below are making the layout just that more interesting.
